國際 交流櫥窗

? What is IEW

什麼是 國際交流櫥窗

教育部繼2011年提出中小學國際教育白皮書（國際教育1.0）之後，2020年提出國際教育2.0版，未來6年，在「接軌國際、鏈結全球」的願景下，將帶領全國中小學朝「培育全球公民」、「促進教育國際化」及「拓展全球交流」三個目標邁進。

為拓展全球交流，教育部將建立一個臺灣與國外中小學交流的媒合機制，這是國際教育2.0最具創新的設計。

In 2011, the Ministry of Education proposed the 'Primary and Secondary International Education White Paper', also known as IE1.0. In 2020, with the vision of connecting Taiwan schools with the world, the MOE announced IE2.0, aiming at the goals of fostering global citizens, promoting education internationalization and expanding global exchanges.

In order to expand global exchanges, the Ministry of Education creates an information and matching platform-International Exchange Window (IEW) to bridge Taiwan's schools and international partners. It is recognized as the most innovative device of IE2.0.

國際交流櫥窗的功能

How IEW functions?

國際交流櫥窗是一個臺灣與國外中小學雙邊交流的線上平臺, 它具備以下兩個功能:

IEW is a bilateral school exchange online platform. It serves the following two functions:

提供境（海）內外學校上傳雙邊交流訊息 Uploading information for bilateral exchanges

(海)內外中小學可隨時上傳國際交流的邀請及提議。

國際交流櫥窗辦公室會經常檢核交流訊息, 主動透過IERC傳給臺灣中小學, 也會將臺灣中小學交流邀請及提議, 透過教育部駐外單位傳給海外中小學。

Both Taiwan and foreign schools are welcome to log on to the IEW website and submit their invitations and proposals for bilateral exchanges at any time.

The IEW office will verify the submitted information frequently, pass the information from foreign schools on to Taiwan schools through the 26 International Education Resource Centers (IERCs) and also forward the information from Taiwan schools to foreign schools through Taiwan's Embassies and Representative Offices overseas.
